

Harnessing the power of CDFIs to empower people with disabilities and their families.

DISABILITY CDFI COALITION

The Disability CDFI Coalition promotes financial independence and empowerment for people with disabilities by expanding access to capital and other resources. Our mission is to bridge the CDFI industry and disability community to help ensure that CDFIs can respond effectively to the housing, asset development, employment, and technology needs of individuals with disabilities and their families. We also offer technical assistance and support to CDFIs developing financing products and services to better serve people with disabilities.
